A MESSAGE FROM THE
LANGLEY CITY
CRIME
PREVENTION
TASK GROUP

**Crime
Prevention
Through
Environmental
Design**

**Tip #3
Keep Your
Business Safe!**

Territoriality and Defensible Space

- Business name and address should be clearly visible (signage)
- Designate restricted areas indicating “Employees only” or “Private”.
- Limit access to areas within store space with a business identification system for employees (ie: fobs or ID cards.)
- Fences are an effective way to identify your territory however ensure they allow visibility to guarantee natural surveillance.
- To view the RCMP video about Territoriality and Defensible Space click here:
